

EDUCATION

Shri Vishnu Engineering College for Women	Bhimavaram	Aug 2023 – Present
• B.Tech in Artificial Intelligence & Data Science CGPA – 9.19		
Sri Padmavathi Mahila Junior Kalasala	Jangareddygudem	Jun 2021 – Mar 2023
• Intermediate in MPC stream Percentage – 97.8%		
St. Joseph's E.M High School	Vellachintalagudem	Jun 2016 – Jun 2021
• SSC Marks – 591/600		

PROJECTS

DSA Quiz Battle (HTML, CSS, JS): Built an interactive quiz platform covering major DSA topics with 3 difficulty levels (Easy, Medium, Hard). Integrated a gamified monster mechanic that grows/shrinks based on correct/incorrect answers to enhance engagement. ([Git Repository](#)) (Mar 2025)

BookEase – Full Stack Web Application Developed a scalable, role-based web platform using React, TypeScript, Node.js, and Tailwind CSS. Implemented user authentication, protected routes, responsive design, and component-based architecture to enhance performance and user experience. ([Git Repository](#)) (June 2025)

Amazon Clone — E-commerce Website (Front-End): Crafted a static Amazon-like webpage using HTML and CSS, implementing responsive design, Flexbox, Grid, and animations for an enhanced UI/UX. ([Git Repository](#)) (Jan 2025)

CODING PROFILES

- [LeetCode](#)
- [HackerRank](#)
- [CodeChef](#)

TECHNICAL SKILLS

Programming Languages: Python, Java, HTML, CSS, JS, SQL
Tools, Platforms, and OS: Git, GitHub, Visual Studio Code, LaTeX
Soft Skills: Problem Solving, Communication, Adaptability, Leadership, Public Speaking
Languages: English, Hindi, Telugu, Japanese (Basic)

CERTIFICATIONS & ACHIEVEMENTS

- **Programming using Java** - Infosys Springboard (Jul–Sep 2024)
- **Analytics using Tableau – Infosys** - Infosys Springboard (Feb 2025)
- **Failthon** : Issued by Svecw, 2023
- **AFE 2025 Scholar** : Selected among 5,000+ applicants as one of 1,000 participants for Phase 1; gained hands-on skills in Python and artificial intelligence. Progressed to Phase 2 as one of 500 selected for advanced training in data structures and algorithms using Java.

HACKATHONS PARTICIPATED & WORKSHOPS

- **Failthon 2023**: Proposed an innovative education platform enabling personalised mentor selection, customised tutoring, and real-time doubt resolution. Aimed to enhance student engagement and learning outcomes through innovative solutions and strong problem-solving skills.
- **Smart India Hackathon 2024, 2025**: Proposed a solution on direct access to market for farmers. Selected at the internal hackathon and one of 50 projects for its innovative approach and feasibility.
- **Arduino Unplugged** : Immersed in a 2-day Arduino workshop by IEEE CIS SVECW (2024), building five functional prototypes that interfaced sensors, actuators, and microcontrollers, improving skills in embedded systems design.

POSITIONS OF RESPONSIBILITY

- **Student Coordinator, Eco-Friendly Association**: Spearheaded the Clean Campus Drive, engaging over 200 students and faculty members in eco-friendly initiatives that resulted in collecting 1 ton of recyclable materials within a single semester.
